ABOUT MAMAEARTH

Founded in 2016 by husband-wife duo Ghazal Alagh and Varun Alagh, Mamaearth is Asia's first brand with Made safe certified products that offer toxin-free & natural baby care, and personal care products. Driven by innovation and using the best of nature and science, the brand caters to all personal care needs of young, aspirational, and increasingly conscious Indian consumers.

Business Challenge

With limited data access due to data privacy issues that have cropped up in the recent years, fewer conversations are made. As a result, the cost of acquiring customers elevates. The advertising prices as well become ineffective due to the return on ad spend reduction. So as Mamaearth matured as a brand, there was a need to make a shift from an initial focus on customer acquisition to customer retention. MoEngage helped prove instrumental in executing this at scale.

As we matured as a D2C brand, our strategy was to shift focus towards customer retention more heavily. We've been able to do this via MoEngage, by leveraging intelligent insights to communicate about products, cashbacks, and offers to our customers in a hyper-personalized manner. MoEngage has proved to be a strong partner in this journey to scale with our brand's growth seamlessly.
